Any claim of discrimination by an employee against the City, its officials or representatives, arising from an alleged violation of any Article of this Agreement, shall be grievable and arbitrable under the provisions of Article 5, Grievance Procedure, as the sole and exclusive remedy for violations, and shall not be subject to the grievance procedure contained in Chapter 710, Personnel Policies and Procedures Manual. Arbitrators shall apply appropriate law in rendering decisions based upon claims of discrimination.
- 3.2** The Union agrees that it will not discriminate against any employee on the basis of race, color, gender, sexual orientation, gender identity, age, disability, marital status, veteran status, genetic information, religion, national origin or any other characteristic protected by law and shall not interfere with the right of employees covered by this Agreement to become or refrain from becoming members of the Union, and shall not discriminate against any such employees because of membership or non-membership in any employee organization.

that the City shall have the right to discharge or otherwise discipline any employee(s) who engage(s) in any activity defined in Section 447.203(6) of the Florida Statutes, at its discretion. Review of actions taken by the parties shall be as provided in Florida Statutes, Section 447.507 and will not be grievable or arbitrable under the provisions of Article 5 – Grievance Procedure.

Article 5

GRIEVANCE PROCEDURE

5.1 It is the policy of the City to encourage discussion on an informal basis between a supervisor and any employee of an employee complaint. Such discussion should be held with a view to reaching an understanding that will resolve the matter in a manner satisfactory to the employee, without need for recourse to the formal grievance procedure. An employee's complaint should be presented and handled promptly and should be resolved at the lowest level of supervision consistent with the authority of the supervisor.

5.2 **Definitions**

(1) A "grievance" is defined as a dispute involving the interpretation or application of the specific provisions of this Agreement, except as exclusions are noted in other Articles of this Agreement.

If an employee has a grievance under this Collective Bargaining Agreement, the grievance must be filed under the provisions of this Article of the Collective Bargaining Agreement only.

(2) As used in this Article, the term "employee" shall mean also a group of employees having the same grievance. In such event, one employee shall be designated by the group to act as spokesperson and be responsible for processing the grievance.

A dispute involving the interpretation or application of a provision of this Agreement that gives a right to the Union as an employee organization may be presented by the Union as a grievance. Such grievance shall be initiated at Step 3 of this procedure, in accordance with the provisions set forth therein, within 10 working days of the first occurrence of the event giving rise to the grievance.

Nothing in this Article or elsewhere in this Agreement shall be construed to permit the Union to process a grievance:

- (a) on behalf of any employee without his consent, or
- (b) with respect to any matter that is the subject of a grievance, appeal, administrative action before a governmental board or agency, or court proceeding, brought by an individual employee or group of employees, or by the Union.

(3) Where any provision of this Agreement involves responsibility on the part of the Union that, in the view of the City, is not being properly carried out, the City may present the issue to the Union as a grievance. If such grievance cannot be

resolved by discussion between the City and Union on an informal basis, the grievance shall be initiated at Step 3 of this procedure by the Manager-Human Resources and submitted in writing to the President of Local 2339. If not resolved within twenty working days following receipt by the Union of the written grievance, the City may submit the grievance to arbitration under the provisions of Section 5.4(4) below.

(4) The grievance and/or specific alleged dispute involving the interpretation or application of the specific provisions of this Agreement shall remain the same throughout the steps of the grievance procedure.

5.3 Representation

Where an employee in the Union requests Union representation, the Union representative shall be the Union President or his designee.

When a grievance is filed under the provisions of this Article, and the employee does not request Union representation or the employee is not a member of the Union, notification of such filing shall be made to the Union by the City representative to whom the grievance is submitted. Such notification shall be made in writing no later than five working days following receipt by the City of the grievance form.

5.4 Procedure

Grievances shall be presented and adjusted in the following manner:

(1) Step 1 – Supervisor Level

A Fire Captain or Battalion Chief having a grievance may, within twenty working days following the first occurrence of the event giving rise to the grievance, submit to the next level supervisor, a grievance form (to be supplied by the City), setting forth specifically the complete facts on which the grievance is based, the specific provision or provisions of COT policies and procedures and or this Agreement allegedly being violated, and the relief requested. The Fire Captain or Battalion Chief, along with their supervisor and the next level supervisor, which the grievance was submitted to, shall have a meeting accompanied by his representative if the employee so desires, to discuss the grievance. The Division Chief shall communicate a decision in writing to the employee and to the representative, if any, within ten working days following receipt of the grievance form.

(2) Step 2 – Department Level

If the grievance is not resolved at Step 1, the employee may submit it in writing to the Fire Chief within ten working days after receipt of the decision at Step 1. The Fire Chief or his designee may have a meeting with the employee, accompanied by his representative if the employee so desires, to discuss the grievance. The Fire Chief or his designee shall communicate a decision in writing to the employee and to the representative, if any, within ten working days following receipt of the written grievance. This is the final step in a dismissal hearing for

an employee serving an initial probationary period. This is the final level for an appeal of an oral or written reprimand.

(3) Step 3 – City Level

If the grievance is not resolved at Step 2, the employee may submit the grievance in writing to the City Manager within ten working days after receipt of the decision at Step 2. The City Manager or his designee may have a meeting with the employee, accompanied by his representative if the employee desires, to discuss the grievance. The City Manager or his designee shall communicate a decision in writing to the employee and to the representative within twenty working days following receipt of the written grievance.

Although a claim of discrimination pursuant to Article 3 may be processed up through Step 3, it shall not proceed to Step 4 unless the grievant(s) sign(s) a statement electing to have the matter brought to arbitration exclusively and waiving any right thereafter to file charges with any state or federal board, commission agency or court concerning the matter. This is the final level in an appeal under Article 3 where no exclusive remedy statement and waiver have been signed by the grievant.

(4) Step 4 - Arbitration

If the grievance is not settled in accordance with the foregoing procedure, the employee or the Union, or the City as the case may be, may request arbitration by delivering written notice of intent to appeal to the other party no later than ten working days after receipt of the decision at Step 3 with a written statement of the specific provision(s) of this Agreement at issue. If the grievance is not appealed to arbitration within said ten working days, the City Manager's Step 3 answer shall be final and binding upon the aggrieved employee or the Union, as the case may be.

- 5.5** Within fifteen working days after receipt by the other party of the appeal to arbitration, the grievant shall initiate a request to the Federal Mediation and Conciliation Service, the sole function of that body being to assist in the selection of the arbitrator, to furnish a panel of five impartial arbitrators particularly skilled in matters involving local government employee relations. Both the City and the Union shall have the right to strike two names from the panel. Within five working days after receipt of the list, the parties shall meet and alternatively cross out names on the list. A coin toss shall determine who shall cross out first.
- 5.6** Where there is a threshold issue regarding arbitrability, it is understood that in such cases the Request for Arbitration form shall be accompanied by a special request to the Federal Mediation and Conciliation Service for a panel of only three arbitrators who would be available for an expedited arbitration hearing on only the arbitrability issue. Another arbitrator shall be selected to hear the case on its merits. The hearing on this issue shall be limited to not more than one working day, and the arbitrator shall be required to make a bench decision on the issue before the hearing is closed. The party losing the arbitrability issue shall pay the fee and expenses of the expedited arbitration.

- 5.7** The arbitrator shall issue his decision not later than thirty working days from the date of the closing of the hearing. The decision shall be in writing and shall set forth the arbitrator's opinion and conclusions on the issue(s) submitted. The arbitrator shall limit his decision strictly to the application and interpretation of the specific provisions of this Agreement, and he shall not make any decision:
- (1) contrary to, or inconsistent with, adding to, subtracting from, or modifying, altering, or ignoring in any way, the terms of this Agreement or of applicable law or rules or regulations having the force and effect of law.
 - (2) limiting or interfering in any way with the powers, duties and responsibilities of the City under applicable law, the City Charter, ordinances, and rules and regulations having the force and effect of law.
- 5.8** The decision of the arbitrator, if made in accordance with his jurisdiction and authority under this Agreement, shall be final and binding on the City, the Union, and the employees in the bargaining unit. In reaching his decision in all cases, the arbitrator shall utilize a preponderance of the evidence standard of proof.
- 5.9** The arbitrator may fashion an appropriate remedy where he finds a violation of this Agreement, but no liability, monetary or otherwise, shall accrue against the City, or the Union in cases arising under Section 5.3(4) of this Article, prior to the date of the event which gave rise to the grievance. With respect to grievances involving transfer, demotion, suspension or termination of employment, the arbitrator shall not modify the City's disciplinary action unless he finds the City's action to be arbitrary or capricious. However, this shall not eliminate the proper cause provision contained in Article 29.
- 5.10** The fees and expenses of the arbitrator shall be borne by the losing party as determined by the arbitrator. If the employee is not represented by the Union at the arbitration step and the employee is the losing party, the fees and expenses of the arbitrator shall be the responsibility of the employee. In the event of a compromise award, the arbitrator's fee, expenses, and transcript cost, if any, shall be divided equally by the parties to the arbitration. Each party shall be responsible for compensating and paying the expenses of its own representatives and witnesses. Any party desiring a transcript shall bear the cost of the same.
- 5.11** **Time Limits**
- (1) Failure to initiate a grievance within the time limit in Section 5.4 above, shall be deemed a waiver of the grievance. Failure at any step of this procedure to submit a grievance to the next step within the specified time limit shall be deemed to be acceptance of the decision at that step.
 - (2) Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall permit the employee, or the Union where appropriate, to proceed to the next step.
 - (3) The number of days indicated at each step should be considered as a maximum, and every effort should be made to expedite the process. However, the time limits specified in any step of this procedure may be extended, in any

specific instance, by mutual agreement and shall be extended during any declared emergency.

5.12 General Provisions

(1) If a grievance arises from the action of an official higher than the fire station captain, the grievance may be initiated at Step 2 or 3, as appropriate, by submitting a grievance form as set forth in Step 1 within the time limit set forth in 5.4(1).

The written submission of a grievance to Step 2, 3, or 4 shall include a copy of the grievance form submitted at the initial formal step and the written decision at each preceding step of the grievance procedure.

(2) There shall be no reprisals against any of the participants in the procedures contained herein by reason of such participation.

(3) The grievant shall be permitted to have one (1) representative in attendance at any grievance meeting.

(4) If a grievance meeting is held during the working hours of the representative or any required witness, such representative, if any, and witness shall be excused without loss of pay for that purpose. Attendance at grievance meetings outside of regular working hours shall not be deemed time worked.

(5) The filing or pendency of any grievance under the provisions of this Article shall in no way operate to impede, delay or interfere with the right of the City to take the action complained of, subject, however, to the final disposition of the grievance.

Article 6

HOURS OF DUTY AND OVERTIME

6.1 Duty Time

(1) Suppression personnel shall be on duty an average 53-hour week. Shifts shall be of 24 hours duration. Shift change will be at 7:00 p.m.

(2) Personal leave will be approved on a first come, first serve basis. A Captain must notify his Battalion Chief of the hours/shift(s) he wishes to take personal leave. A Battalion Chief must notify the Division Chief of the hours/shift(s) he wishes to take personal leave. There is no minimum personal leave requirement.

A Captain/Battalion Chief must take his Kelly day within 38 days after his shift's Kelly Day cycle. However, one Kelly day may be carried over to use at a later time. Captains must notify their Battalion Chief when they wish to take their Kelly day during the time period specified above. Battalion Chiefs must notify the Division Chief of when they wish to take their Kelly Day during the time period specified above. Kelly Days must be taken as whole 24-hour shifts.

The maximum number of Captains/Battalion Chiefs allowed to be off for any one shift on a combination of Kelly days/personal leave will be four (4) per shift, of which only two (2) can be a Battalion Chief.

(3) Effective immediately, when an employee leaves the Fire Department, or is promoted to Battalion Chief, that employee's approved Kelly Day selections will be offered to the next senior person(s) in the shift. This same process will be used to offer all of the previously approved personal leave slots being vacated.

(4) Fire Department's hours of duty time for staff personnel is a 40 hour week with the hours of work being 8:00 a.m. until 5:00 p.m., Monday through Friday, with one hour off for lunch each day, except insofar as staff personnel may work variable hours within a normal duty week.

It is agreed that the employees in these work units may have a flexible work schedule that has been approved by the supervisor and the Fire Chief, provided consideration of the operational needs of the department and work unit are met.

Once a flexible work schedule has been approved, this schedule shall remain in effect until a new request has been submitted by the employee and received the appropriate approval. The Fire Chief or his designee may discontinue or alter an employee's existing flexible work schedule with written notification provided to the employee at least ten working days in advance of the change, unless unusual or emergency circumstances dictate a shorter notification period.

5) Denial of a work schedule request is not grievable by an employee under Article 5 – Grievance Procedure of the current contract .

6.2 Shift Exchange

(1) Employees within job classification (i.e., Battalion Chief for Battalion Chief and Fire Captain for Fire Captain) shall have the right to exchange shifts when the change does not interfere with the operation of the Fire Department.

(2) Requests to exchange shifts shall be submitted to the Battalion Chief in charge of their Battalions for Captains, and the Division Chief of Emergency Response for the Battalion Chiefs during the shift prior to the exchange.

(3) An employee agreeing to the exchange is responsible for working the shift.

(4) Emergency personal leave shall be granted for employees (assigned) with preapproved Exchange of Time (EOT) when the scheduled person cannot fulfill their obligation due to death, dismissal or administrative action for up to two (2) consecutive shifts.

(5) Shift exchange provisions are not grievable under Article 5 - Grievance

6.3 Leave Donation

As a supplement to the City Leave Donation policy (708.06) and a mechanism to accommodate the unique operational circumstances of the Fire Department, personnel assigned to a 53-hour workweek shall be permitted to donate time in the form of time worked for members experiencing significant hardships. The following procedure shall apply:

- (1) When an employee must be absent from work due to personal illness, illness of an immediate family member, or a serious condition that creates a significant hardship for the employee, the employee may request authorization for leave donations.
- (2) Once a written request has been submitted, the Fire Chief (or designee) will review the circumstances and approve or deny the donation request.
- (3) If approved, Department members will be notified that leave donations are being accepted. Department members may donate personal leave hours per COT policy 708.06, or choose to work the effected member's shift as a time donation.
- (4) If a member would rather work the shift, the donating member will submit a written request to the Division Chief of Emergency Response, which includes the dates that they are willing to work. The Division Chief of Emergency Response will coordinate the staffing and place the donating member on the roster under the Time Donation (TD) work code. The member being replaced will be shown on Time Donation – Received (TD-R) work code.
- (5) The member working the donation hours may serve in any specialty position for which they qualify (airport, paramedic etc.). Additionally, they may be required to serve in positions of lesser rank (i.e., captains donating time may serve as lieutenants or fire fighters according to operational needs). Time donated will not be considered time worked by the donator and the donator will not be eligible for any compensation. Donated time will be considered time worked for the receiver, and no repayment will be required.
- (6) Consistent with Department staffing, a member will not be scheduled to work in excess of 48 consecutive hours unless approved by a Battalion Chief or higher level officer.
- (7) It is the responsibility of the Division Chief of Emergency Response to monitor and administer the Exchange of Time Donation program. It is the responsibility of the Battalion Chiefs to maintain appropriate staffing and documentation to assure compliance with this policy. It is the responsibility of the person approved to work the shift exchange to report for duty at the time and place approved.
- (8) Leave donation provisions are not grievable under Article 5 - Grievance Procedure of the current contract.

6.4 Overtime

(1) Fire Captains shall be paid overtime in compliance with FLSA. All required work in excess of the normal duty cycle (144 hours for fire suppression captains, or 40 hours for staff captains) shall be paid at one and a half times the employee's regular rate of pay. Any paid or unpaid leave time does not count as time worked for the purpose of computing overtime. However, if during that same regular duty cycle the employee has taken bereavement leave, the employee shall be compensated at time and one-half the employee's regular rate of pay for time worked in excess of the regular duty cycle.

(2) Captains may receive compensation for hours worked in excess of the regular 144 hour duty cycle or 40 hour duty week at the employee's option, as described in section 6.4(1) above or, upon written election by the employee, the employee will be granted compensatory time equal to one and one-half times the number of hours worked in excess of the regular 144 duty cycle or 40 hour duty week.

(3) Fire Battalion Chiefs shall receive hour for hour straight pay or compensatory time off for work in excess of their normal duty cycle (144 hour duty cycle or 40 hour duty week.). Any paid or unpaid leave time does not count as time worked for the purpose of computing time worked in excess of normal duty cycle. However, if during that same regular duty cycle the employee has taken bereavement leave, the employee shall be compensated hour for hour straight pay or compensatory time off for time worked in excess of the regular duty cycle.

(4) Employees shall be compensated at time and one-half times the employee's regular rate of pay for all mandatory overtime, including attendance of off-duty mandatory meetings.

(5) Selection for mandatory overtime will be the order of the least senior in grade on duty first and rotated to the next least senior in grade for each occurrence.

Article 7

HOLIDAYS

7.1 Effective January 1, 2015, each employee in the fire suppression unit shall receive an additional eight hours of pay, paid at the employee's 40-hour base rate of pay, for each holiday designated by the City Manager.

7.2 Employees in the bargaining unit scheduled to work a 40-hour week will be on the same holiday schedule as fire administration employees. A holiday occurring on Saturday will normally be observed on the Friday preceding the holiday; a holiday occurring on Sunday will normally be observed on the following Monday. These employees will not receive the additional eight hours of pay described in 7.1. Bargaining unit members that are assigned to staff will receive the same number of holidays that suppression personnel receive.

- 7.3 Employees in the bargaining unit are guaranteed a minimum of 10 holidays per calendar year. If the City Manager designates less than 10 holidays in a calendar year, all bargaining unit employees will be paid for the additional holidays at the end of the calendar year that will bring the total to 10.

(2) Scheduling Personal Leave for Educational Purposes

Due to the nature of the Fire Department's operations and the need to meet the operational requirements of the City, employees shall schedule personal leave requested for the purpose of attending educational institutions of higher learning or vocational-technical schools in increments of 2-hour blocks. When additional time of less than a 2-hour block is required, such additional time shall be scheduled in no less than 1-hour blocks. The schedule must be approved in

advance at the beginning of each semester by the appropriate supervisor. As a special exception to the above, it is agreed that employees may request up to nine (9) hours of educational (personal) leave in any increment to attend Fire Department sponsored courses offered by Tallahassee Community College, provided that the maximum number of employees allowed to be off for any one shift on a combination of Kelly Days/personal leave shall not exceed the limits as described in 8.2 (2) of this Agreement.

There is no maximum limit on the number of sick leave hours that may be accumulated by an employee.

Bargaining unit employees who elected to retain catastrophic leave will accrue sick leave in accordance with Chapter 708 of the City's Personnel Policies and Procedures. All other bargaining unit employees shall accrue sick leave as identified in 9.1.

9.2 Use of Sick Leave

- (1) Advance notification regarding sick leave absences shall be made by the employee in accordance with standard operating procedures which have been established by the department and communicated to employees. Failure to give appropriate notice as provided herein may result in denial of paid sick leave.
- (2) Accrued sick leave may be used for personal illness or injury, or for serious illness in the employee's immediate family (as defined in Article 10). An employee found to have claimed sick leave for absences not covered under this section or an employee who has demonstrated a pattern of sick leave absences, (i.e. two or more occurrences, within a 12 month period, of taking sick/family sick leave on a holiday or the shift immediately before or after a holiday, a Kelly day or personal leave without providing a doctor's certificate), shall be subject to the following penalties:

First occurrence: Oral reprimand.

Second occurrence: Written reprimand.

9.3 A fire captain or battalion chief who receives catastrophic leave will be paid 50% of the unused sick leave balance credited to him at the time of resignation, retirement or death. (Unused catastrophic leave is not eligible for payout.)

All other fire captains and battalion chiefs who are 53 hour employees who resign, retire or die will be paid for 33 1/3% (1/3) of the unused sick leave balance credited to him at the time of resignation, retirement or death, provided that the unused sick leave balance credited to him at the time of resignation, retirement or death equals at least three hundred ninety-eight (398) hours. If the unused sick leave balance credited to the employee at the time of resignation, retirement or death equals less than three hundred ninety-eight hours, the employee who resigns, retires or dies will be paid 25% (1/4) of the unused balance.

A 40-hour staff employee who resigns, retires or dies will be pay for 33 1/3% (1/3) of the unused sick leave balance credited to him at the time of resignation, retirement or death, provided that the unused sick leave balance credited to him at the time of resignation, retirement or death equals at least three hundred (300) hours. If the unused sick leave balance credited to the employee at the time of resignation, retirement or death equals less than three hundred (300) hours, the employee will be paid for 25% of the unused balance.

In any of the above situations, the payment for the accrued by unused sick leave will be paid at the employee's straight time base rate of pay. All sick leave payments will be based on the assignment (53 or 40 hour) of the employee at the time of termination.

9.4 Purchase of health care coverage with unused sick leave.

In accordance with Section 14-4.321 of the City Code, an employee retiring at age 55 or older shall have the option, in lieu of receiving payment for accrued but unused sick leave, to apply all or any portion of such unused sick leave toward the payment of premiums for single health care coverage under the city's health insurance plan, for the remaining life of the retiree. Credit for unused sick leave shall be based on the formula established in the City Code.

Article 10

Total service time with the Department less all leave without pay over 90 consecutive calendar days results in an employee's adjusted seniority date. - 17.3** An employee may be entitled to Veteran's Preference as set forth in FS 295, and shall have ten (10) points added to his total seniority if he qualifies under the City's Veteran's Preference Policy 702.06-F4 a. and b. The City will provide a 30-calendar day notice to employee(s) on layoff.
- 17.6** An employee whose salary is red-circled in a classification into which he was bumped, has twelve (12) months from the date his salary became red-circled to regain his classification without losing pay. If an employee with a red-circled salary has not regained his classification within 12 months, his salary shall be reduced to the maximum of the pay grade for the classification he has been assigned. - 17.7** A bumped or laid-off employee shall have recall rights to the classification he held before the onset of the layoff procedure for a period of 24 months following layoff. Such recall rights shall consist of the right to "bump up" to the classification which he held at the onset of the layoff procedure, or return from layoff to a vacant position in the firefighter classification over new applicants. Recall will be made by certified mail to the last address in the Fire Department records. The recall notice must be answered within 14 calendar days of its receipt. Failure to respond to recall within the time stipulated shall result in termination from the Fire Department.
- 17.8** An employee who is laid off shall be considered to be terminated and shall be paid for all earned but unused vacation leave. The laid off employee shall be

eligible for continuation of group health insurance coverage subject to the provisions of the Consolidated Omnibus Budget Reconciliation Act (COBRA). A laid-off employee who is vested in the Matched Annuity Pension (MAP) plan benefit may elect to leave all or a portion of his account balance in MAP in order to receive a benefit payable at normal retirement, or he may elect to receive a refund of his account balance. A laid-off employee who has not earned a vested pension benefit shall receive a refund of his contributions to the pension plan and the interest earned thereon. A laid-off employee who has not earned a vested MAP benefit shall receive a refund of his MAP account balance.

- 17.9** An employee shall be recalled in reverse order of lay off with the last person laid off being returned to work first. If the employee is unable to return to work when recalled because of physical or mental disability, the employee shall be temporarily bypassed. An employee who has been recalled after having been on layoff for more than twelve months will be subject to a drug screen driver's license history, criminal history and physical examination prior to his effective date of reinstatement. An employee recalled within 24 months following layoff shall be deemed to be reinstated. The department may require that the recalled employee attend an orientation program. The City agrees to bargain over the impact of any changes as a result of the City's adoption of the Fire Department reorganization to the extent these changes impact on the bargaining unit's terms and conditions of employment.

- Second offense: written reprimand
- Third offense: one-day suspension without pay
- Fourth offense: five-day suspension without pay
- Fifth offense: dismissal

23.2 Application and Procedures

Unless otherwise specified in this Article, the terms, conditions, and procedures contained in Chapter 705 Alcohol and Drugs, of the City Administrative Policy and Procedures Manual, as it is modified from time to time, according to State and Federal law and regulations shall apply to all members of the bargaining unit.

23.3 Alcohol and Drug Testing

In the interest of public and employee safety, and the professional image of City government, the City has adopted a zero tolerance policy with regard to the on or off duty use of any illegal controlled substance, and the on or off duty illegal possession, dispensing and selling of any controlled substance. This means that an employee will be terminated from employment if found to be using any illegal controlled substances while on or off duty or if found to be illegally possessing, dispensing or selling any controlled substances while on or off duty.

In an effort to identify and eliminate on or off duty controlled substance/alcohol abuse, urinalysis/blood tests and breathalyzer tests shall be administered as provided in Sections 23.4, 23.5 and 23.6 of this Article. This testing shall be conducted in such a manner so as to assure a high degree of accuracy and reliability, using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Services (DHHS), and Department of Transportation (DOT). Such rules and procedures shall be implemented with due consideration for the protection, dignity, privacy, and confidentiality of the individual employee throughout the testing process.

Any employee who refuses to comply with a legitimate order for testing, who provides false information in connection with a test, or who attempts to falsify test results through tampering, contamination, adulteration, substitutions, or any other means shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.

Refusal to submit to testing can include an inability to provide a urine specimen or breath sample without a legitimate medical explanation, as well as a verbal declaration of refusal, obstructive behavior, failing to show up for a required test, failing to proceed immediately to the testing facility, or any other action or inaction that prevents the test from being administered.

23.4 Reasonable Suspicion Testing

Urinalysis/blood tests and/or breathalyzer tests shall be administered:

(1) when a supervisor has a reasonable suspicion based upon objective factors resulting in a reasonable and articulated belief that the employee is using, under the influence of, or impaired by alcohol or a controlled substance on the basis of specific physical, behavioral, or performance indicators suggesting such use. Conditions which may constitute reasonable suspicion include, but are not limited to:

- (a) slurred speech

- (b) odor of alcohol
- (c) inability to walk a straight line/staggered gait
- (d) exaggerated, excited state of emotions
- (e) bizarre or erratic behavior
- (f) rapid, dramatic mood swings
- (g) a report of drug use provided by a reliable and credible source which has been independently corroborated
- (h) observation of the ingestion or possession of alcohol or an illegal controlled substance as defined in Chapters 877 and 893, Florida Statutes, during working hours, or while on City property, or while operating a City vehicle off-duty
- (i) possession of paraphernalia normally associated with improper, unauthorized, or illegal use of controlled substances
- (j) a traffic crash or occupational accident which does not meet the conditions specified in Section 23.5, but where one or more of the above factors is present

(2) when a supervisor has a reasonable suspicion based upon objective and articulated factors that the employee while on or off duty has possession of or is using, dispensing, or selling any illegal drug or controlled substance not prescribed by a licenses physician.

(3) when a supervisor has a reasonable suspicion that the employee is under the influence of alcohol on duty or while covered for portal to portal pay for workers' compensation.

(4) Prior to requiring an employee to submit to testing under Section 23.4, a supervisor must notify the Division Chief on shift that the employee is being escorted to the contracted medical facility.

23.5 Post-Accident Testing

Following an occupational accident or traffic crash involving a City employee on City business, or an off-duty employee operating a City vehicle, under the following conditions:

(1) when it has been determined by the law enforcement officer investigating the traffic crash, or the supervisor investigating an occupational accident, that an employee's actions either contributed to the cause of the accident or crash or cannot be completely discounted as a contributing factor to the accident, and

(2) the occupational accident or traffic crash results in serious injury, or a fatality to any person, or there was serious property damage to either public or private property.

Serious property damage is defined as when one or more of the motor vehicles involved in a traffic crash is "totaled", one or more of the motor vehicles

sustains significant disabling damage, damage to public and/or private property equals or exceeds an apparent damage of \$5,000 or more.

In the instance of traffic crashes, such estimates of apparent damage shall be made by the law enforcement officer who conducts the investigation at the scene of the traffic crash. Damage estimates at the scene of an occupational accident shall be determined by the employee's supervisor, utilizing whatever resources necessary to make a reasonable determination of the damage estimate.

23.6 Random Testing

At various times, the City shall randomly select bargaining unit members for unannounced alcohol and drug testing. The selection shall be made by the use of a scientifically valid method, such as a computer-based random number generator that is matched with the employee's social security, payroll, driver license, or other comparable identifying number. Each employee shall have an equal chance of being tested under the selection process, and may be tested more than once, depending on the frequency that he is randomly selected.

The number of employees randomly selected for testing during a twelve (12) month period shall equal an annual rate of not more than 50% of the total number of bargaining unit members subject to testing. If the percentage rate for random drug and/or alcohol testing provided for in Chapter 705 of the City Administrative Policies and Procedures Manual is reduced during the term of this collective bargaining agreement, the percentage rate for random drug and/or alcohol testing provided for in this Article 23.6 shall be amended in like manner.

The random testing shall only occur while the employee is on duty. An employee shall not be subjected to random drug testing more than four (4) times in a calendar year.

The bargaining unit may designate a representative to view any part of the random selection process, and the City will provide upon request any additional information relating to the computer-generated selection programs. At no time during this review process will access be allowed to the actual names of employees being selected for a prospective testing period.

The employee shall have the right to have present during the testing a representative of his choice, but the Department will not be required to wait more than 30 minutes for such representative to arrive. In the event that the employee's initial representative is unable to serve, he may choose another representative but in no event shall the Department be required to wait more than 30 minutes.

23.7 Drug Test Panels/Positive Drug Tests

For drug testing, the drugs that will be tested for include, but may not be limited to: marijuana, cocaine, opiates, amphetamines and phencyclidine. Other controlled substances may be tested for if there is reasonable suspicion that an employee may be illegally using or abusing a controlled substance not currently part of the specified test panel.

(1) Initial test

An initial drug screen will be conducted on each specimen.

(2) Confirmatory test

For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts present are above the minimum thresholds established in 49 CFR Part 40, as amended.

All positive drug test results shall be reviewed and interpreted by a Medical Review Officer (MRO) prior to transmittal to the City. This review consists of a confidential interview with the employee to determine if there is an alternative medical explanation for the drugs found in the employee's specimen. If the employee provides appropriate documentation that the presence of the prohibited drug is due to the legal and prescribed use of the prohibited drug(s), the drug test result is reported as negative to the City and no further action is required.

In compliance with the City's zero tolerance policy, upon confirmation of a positive test result for an illegal controlled substance (e.g., marijuana, cocaine, heroin, etc.), the employee shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.

Upon confirmation of a positive test result for the illegal use or abuse of a controlled substance (e.g., prescription drugs), the employee shall immediately be removed from duty, placed on leave without pay status, and subject to disciplinary action up to and including termination from City employment.

Employees who test positive for a controlled substance have a right to have their original samples retested at their own expense, if a retest is desired. The employee must submit a written request for a retest to the City's Medical Review Officer (MRO) within 72 hours of the time the employee is notified by the MRO of the positive results.

The employee may request any laboratory to perform the retest as long as the testing laboratory is certified by the U.S. Department of Health and Human Services (DHHS) under the U.S. Department of Transportation (DOT) procedures. The MRO will verify that the testing laboratory is so certified. If the second test is negative, the employee will be reimbursed for the cost of the test, and any disciplinary action which was taken solely on the basis of the positive drug test will be rescinded. Samples that yield positive results on confirmation must be retained by the testing laboratory in properly secured, long term frozen storage for at least 365 days, as required by federal procedure.

23.8 Positive Alcohol Tests

Alcohol breath testing will be conducted in accordance with City Policy 705.06 in a manner to assure a high degree of accuracy and reliability utilizing a trained Breath Alcohol Technician (BAT). The test, expressed as a percentage, will

measure the blood alcohol content (BAC) as defined in terms of grams of alcohol per 210 liters of breath.

The following are thresholds for alcohol testing along with the minimum mandatory employment action to be taken:

(1) BAC Level .002%-.019%

Employees testing at this level shall be prohibited from driving motor vehicles on City business, or operating hazardous equipment or machinery, until such time as a return-to-duty breath alcohol test confirms a BAC level of .000%.

(2) BAC Level .020%-.039%

This is considered a low level test result. Employees testing at this level shall be prohibited from driving motor vehicles on City business, or operating hazardous equipment or machinery, or performing safety sensitive functions until such time as a return-to-duty breath alcohol test confirms a BAC level of .000%.

At the discretion of the Department, in consideration of the critical nature of the job being performed, the totality of circumstances involved, or the inability of the Department to accommodate job task restrictions for any period of time, further action, including removal from duty for the remainder of the shift, or disciplinary action, may be taken.

Employees working in safety sensitive positions shall be removed from driving and the performance of safety sensitive functions for 24 hours, and allowed to return to work only after release by an EAP counselor and a return-to-duty breath alcohol test confirms a BAC level of .000%

(3) BAC Level .040% and higher

This is considered a positive test result. In compliance with the City's zero tolerance policy, upon confirmation of a positive test result for the presence of alcohol at a BAC of .04% or higher, the employee shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.

23.9 Employee Assistance Program (EAP)

An employee who voluntarily acknowledges a problem with drug or alcohol use or abuse to the Department, and:

- (1) who is not under administrative or criminal investigation or arrest for an alcohol or drug related matter,
- (2) who has not been notified by the Department to comply with a legitimate order for testing pursuant to this policy,
- (3) who has not tested positive for alcohol or a controlled substance during his employment with the City,

will be immediately removed from safety sensitive functions, and referred to the Substance Abuse Professional (SAP) for the purpose of determining the need to impose duty restrictions and a rehabilitation plan.

Under the qualifying criteria above, an employee testing positive for alcohol or drugs pursuant to the fitness for duty test after voluntarily submitting himself for rehabilitation and testing shall not be disciplined. If an employee tested positive on the fitness for duty test, the employee shall be required to produce a negative test result on a return-to-duty test prior to returning to safety sensitive functions.

However, the employee shall be terminated from City employment for any subsequent positive test results, and shall be subject to disciplinary action up to and including termination for other violations of rules, policies and procedures unrelated to the positive fitness for duty test resulting from the voluntary rehabilitation.

All employees also have the option of reporting substance abuse problems directly to the SAP, absent involvement or knowledge by City staff.

It is the employee's responsibility through consultation with the SAP to take all appropriate measures to ensure abstinence from usage of alcohol and drugs prohibited by Section 705 of the City's Administrative Policies and Procedures. Any positive test for alcohol or for an illegal controlled substance or subsequent admission to using illegal controlled substances will result in termination from employment with the City, with no right of appeal and an ineligibility for rehire with the City for a period of one year from the date of termination.

23.10 Legal Drug Use/Potential Impairment

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, an employee should use extreme caution when using any non-prescription medication which carries a warning label that indicates that mental functioning, motor skills, or judgment could reasonably be impaired. When taking such medications, an employee should seek medical advice, as appropriate, and shall notify his supervisor or any impairment which he may be experiencing, before performing work-related duties.

When taking prescription medications, an employee must seek specific advice from his physician that the prescription will not impair his mental functioning, motor skills, judgment, or ability to perform essential job functions. Before performing work-related duties, an employee shall notify his supervisor, or a designated supervisor within the departmental chain of command, of any actual or potential adverse effects which are occurring or which the employee has been advised may occur.

Upon being notified of actual or potential adverse effects from the substances in a prescription, the supervisor notified by the employee shall be responsible for either reassigning the employee to non-hazardous work tasks where possible, or requiring the employee to take leave consistent with City policy.

23.11 No Smoking

Those employees hired as a firefighter, fire engineer, or fire lieutenant in the Tallahassee Fire Department as of December 1, 1985, shall not smoke tobacco on or off duty. Those employees hired as of December 1, 1989, shall not smoke tobacco or use tobacco products on or off duty. Violation of said policy shall subject the employee to disciplinary action up to and including termination.

For present employees exempt under the previous paragraph, the use of tobacco products will not be permitted on department property. Fire Department property includes city vehicles, kitchens, dining rooms, dayrooms, classrooms, dormitories, and bathrooms. All Fire Department buildings are smoke-free facilities and the smoking of tobacco products will not be permitted in any enclosed area (roof and four walls with appropriate openings for entering and exiting), places of work (e.g., fire unit on the scene at any working call, etc.), employee lounges, kitchens, conference rooms, vehicles, hallways, lobby areas, aisles, corridors, water fountain areas, restrooms, showers, stairwells, entryways, utility rooms, storage rooms, closets, etc. Violators will be subject to fines up to \$500 (FS 386.208), and disciplinary actions.

The Union agrees to take positive steps to encourage all employees of the Fire Department to refrain from or cease the practice of smoking tobacco on or off duty.

23.12 Nicotine Testing

Employees hired after December 1, 1989, shall be tested for nicotine pursuant to the provisions of Article 14 – Medical Examinations, of this Agreement. The nicotine test will be considered positive if both of the following substances are present above the specified threshold:

<u>Substance</u>	<u>Nanograms per Milliliter</u>
Cotine	200
Nicotine	200

A positive test result for nicotine shall result in a two-day suspension for 40 hour employees and a one-shift suspension for suppression personnel, an automatic referral to a smoking cessation program, and periodic random follow-up testing for a minimum twelve-month period. Subsequent positive tests for nicotine and/or violations of the no smoking provisions of this Agreement shall result in further disciplinary action up to and including termination.

23.13 Infectious Disease Prevention

Each employee will be provided with and utilize all personal protective equipment as required for infectious disease exposure which meets or exceeds the minimum standards established by the State Department of Labor and the Centers for Disease Control for the prevention of infectious diseases. Likewise, the City and the employee, whenever practical, will follow the required

prophylactic procedures established with regard to any employee whose exposure to blood or other body fluids arises out of and in the scope of his employment with the City. The City will provide training as required in infectious disease prevention, mitigation and exposure control.

- 23.14** Unless otherwise specified, employees violating the provisions of this Article shall be subject to progressive disciplinary action up to and including termination from City employment.

Article 24

SAVINGS CLAUSE

If any provision of this Agreement, or the application of such provision, should be rendered or declared invalid, unlawful, or not enforceable, by any court action or by reason of any existing or subsequently enacted legislation; or if the appropriate governmental body, having amendatory power to change a law, rule or regulation which is in conflict with a provision of this Agreement, fails to enact or adopt an enabling amendment to make the provision effective, in accordance with F.S. 447.309(3); then such provision shall not be applicable, performed or enforced. In such event, the parties shall meet within thirty (30) days in an attempt to modify the invalid provision by good faith negotiations. The remaining parts or portions of this Agreement shall remain in full force and effect for the term of this Agreement.

Article 25

NEGOTIATIONS

- 25.1** The Union agrees that all collective bargaining is to be conducted at the City Manager's level in the City of Tallahassee with City representatives designated for that purpose by the City Manager, as chief executive officer. There shall be no negotiation by the Union at any other level of City government.
- 25.2** Members of the bargaining unit who are selected as Union bargaining representatives will be permitted to attend negotiating sessions while on duty with no loss of pay if sessions cannot be scheduled during off-duty hours, but not more than two per duty shift.

Article 26

PREVAILING RIGHTS

All rights, privileges, and working conditions enjoyed by the employees at the present time which are not in this Agreement, will be presumed to be reasonable and proper and will not be changed arbitrarily or capriciously.

Article 27
DURATION

27.1 Term

This agreement shall be effective as of October 1, 2014, and shall remain in full force and effect through the thirtieth day of September 2017. If the Union wants to negotiate a successor agreement, it must officially notify the City of its intent no later than February 1, 2017, and negotiations shall commence no later than February 15, 2017. If the Union does not provide the required notice by the February 1, 2017 deadline shown above, the existing agreement is automatically renewed for another year, and the City may increase the salary schedule in Appendix A unilaterally, as it deems appropriate. If negotiations do take place as set forth above and no agreement is reached prior to June 1, 2017, for the successor agreement, then an impasse shall be declared and statutory impasse procedures shall be invoked. This Agreement shall remain in full force and be effective during the period of negotiation and may be extended in the manner set forth in the following paragraph.

27.2 In the event that the City and the Union fail to secure a successor agreement prior to the expiration date of this Agreement, the parties may mutually agree in writing to extend this Agreement for any period of time, provided that any such successor agreement will be effective as of the date agreed upon and will not necessarily be retroactive to the expiration date of this Agreement.

27.3 Termination

If either party desires to terminate this Agreement on its expiration date or during an agreed upon extension as provided in .2, above, written notice must be given to the other party not less than ten days prior to the desired termination date.

27.4 The Union and all bargaining unit employees recognize their continuing obligation, both with or without the existence of a collective bargaining agreement, to comply with the strike prohibition in F.S. 447.505.

27.5 Notice

Notices hereunder shall be given by registered or certified mail, return receipt requested, and if by the City, shall be addressed to the Union President, Local 2339, and if by the Union shall be addressed to the Manager-Human Resources. Within 30 days of the effective date of this Agreement, each party shall provide the other with a mailing address to be used for providing notices hereunder. Either party may by a like written notice change the address to which such notice shall be given. Notices shall be considered to have been given as of the date shown on the return receipt.

27.6 Emergencies

If it is determined that civil emergency conditions exist, including but not limited to, riots, civil disorders, hurricane conditions, or similar catastrophes, the provisions of this Agreement may be suspended by the City Manager during the

time of the declared emergency, provided that wage rates and monetary fringe benefits shall not be suspended.

Article 28

ENTIRE AGREEMENT

- 28.1** This Agreement supersedes and cancels all prior practices and agreements, whether written or oral, unless expressly stated to the contrary herein, and constitutes the complete and entire agreement between the parties, and concludes collective bargaining for its term, except that the parties may agree mutually to negotiate other Articles.
- 28.2** The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the City and the Union, for the duration of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated, to bargain collectively with respect to any subject or matter referred to, or covered in this Agreement, or with respect to any subject or matter not specifically referred to, or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement.

Article 29

CONSULTATION

- 29.1** The Chief of the Fire Department and/or his designated representatives (up to a total of three) and a representative of the Human Resources Division shall meet and consult on an as needed basis with three representatives of the Union on City fire service activities, health and safety, Fire Department Rules and Regulations, on any other matters which are not covered by this Agreement, and on questions relating to the implementation of this Agreement.
- 29.2** Each party shall submit an agenda to the other party at least three working days prior to each meeting date. The Chief shall be responsible for preparing minutes of such meetings.
- 29.3** It is understood that these meetings shall not be used for negotiation purposes.
- 29.4** Members of the bargaining unit who serve as Union representatives shall be excused without loss of pay for consultation purposes. Attendance at the consultation meetings outside of regular working hours shall not be deemed time worked.

Article 30
JUDICIAL LEAVE

30.1 An employee may be granted administrative leave with pay for the following reasons:

30.2 **Jury Duty**

An employee summoned as a member of a jury panel shall be granted administrative leave. The employee does not have to return to the City any jury fees paid to him for such service. The employee must submit a copy of his jury duty notice to his supervisor as soon as possible after receiving notification of his need to appear for jury duty. When an employee is summoned for jury duty and is not required to serve, or is required to serve but is released prior to the end of his workday, he must return to work.

30.3 **Court Appearance**

There are four different circumstances under which an employee may be given time off to appear in court:

(1) An employee may serve as a City witness or representative in a court or other tribunal as part of his City responsibilities. In such cases, the employee is not considered to be on administrative leave but on working time, and any witness fees received shall be returned to the City.

(2) An employee may be requested to appear as an expert witness in a case not involving the City. In such instance, the employee may be granted accrued leave or leave without pay and shall retain whatever payment is made to him.

(3) An employee may be subpoenaed as a witness in a court case which does not involve personal litigation of the employee and does not involve the City. In such instance, the employee is granted administrative leave, and any witness fees are returned to the City. However, the employee may choose to use accrued vacation leave, and any witness fees shall be retained by the employee.

(4) An employee may appear in court in connection with a case in which he is personally involved but the City is not involved. In such instance, the employee must be granted accrued vacation, or leave without pay, to pursue his own personal business, and any witness fees shall be retained by the employee.

Article 31
MILITARY LEAVE

31.1 **Annual Field Training**

(1) Any employee in the bargaining unit who is a member of the United States Armed Forces Reserve, including the National Guard, shall upon presentation of a copy of the employee's official orders or appropriate military certification to his supervisor, be entitled to administrative leave without loss of pay, time, or efficiency rating during periods in which the employee is engaged in annual field

training or other active duty or inactive duty for training exercise (i.e., weekend drills).

(2) Such leave with pay shall not exceed 240 hours for the affected employee in any one calendar year.

31.2 Limitations

Absence from City employment for military duty in excess of 240 hours shall not be compensated by the City, except as provided in paragraph 31.3 below. In such cases, a request for leave without pay should be made by the employee or the employee may use earned personal or compensatory leave.

31.3 Military Active Duty

An employee called to active duty will be placed on military leave of absence, the first 30 calendar days of leave to be with full pay, and the remainder without pay. An employee called to active duty in support of a wartime event may be eligible for a military pay supplement. At the employee's discretion, the employee may further extend the period of leave with pay through the use of earned personal or compensatory leave.

During the period of active duty, at the employee's discretion, the employee may continue the health insurance coverage in which he was enrolled on the date the active duty commenced. In the event the employee elects to continue coverage, the City will make a contribution toward the cost of such coverage in accordance with the provisions of Article 11 – Group Health Insurance.

31.4 Documentation

A copy of the official orders or appropriate military certification shall be filed in the employee's personnel file in the Department.

Article 32

WORKERS COMPENSATION

32.1 Standard Workers Compensation Benefits

(1) An employee who is disabled because of an on-the-job injury will be provided workers' compensation benefits in accordance with Chapter 440, Florida Statutes.

(2) An employee who sustains an injury resulting in disability which is compensable under the Workers' Compensation Law shall be carried in full pay status for a period not exceeding seven calendar days without using leave credits. Such pay will be contingent upon written confirmation from the authorized physician treating the employee to the Fire Chief stating that the employee is unable to work.

The day the injury occurs does not count towards this seven calendar day period. Time off on the day of the injury and for up to the seven calendar days following the injury shall be charged to administrative leave.

(3) If the employee is unable to resume work at the end of the seven calendar day period, standard Workers' Compensation payments will commence and will be supplemented by special Workers' Compensation benefits as described in 32.2 below. It shall be the Department's responsibility to contact the Risk Management Office on the eighth calendar day of disability to ascertain the amount of weekly compensation payable.

(4) The employee shall earn and accrue leave credits as long as the employee is absent from work due to the injury and is continuing to receive Workers' Compensation payments.

(5) If after a medical examination by the authorized treating physician, the employee is released to return to work and refuses, no further salary or compensation payments will be paid nor leave time earned or accrued until the employee returns to work. In the event the employee fails to return to work for a period of two shifts (24 hours or more) or three consecutive 8 hour workdays, the employee shall be deemed to have resigned.

32.2 Special Workers' Compensation Benefits

(1) Special compensation, when added to standard Workers' Compensation, shall equal the employee's "take home salary" on the date of the accident. "Take home salary" shall be defined as the employee's base salary (1/12 of annual salary) including educational incentive supplements minus the amount deducted from the salary for pension contribution, MAP, the amount deducted from the salary for federal withholding taxes, and other deductions authorized by the employee or mandated by law. In the event that an employee's standard Workers' Compensation is reduced per state law, the amount of special compensation shall not exceed the amount the employee would have received but for the reduction.

(2) The total amount paid for standard Workers' Compensation, special Workers' Compensation, and holiday pay shall not exceed the amount of base salary the employee would have received had the employee not been on Workers' Compensation.

(3) An employee who reaches maximum medical improvement, or has remained on temporary total disability, shall not be provided special Workers' Compensation under 32.2 above, if the employee is on modified duty or returns to work on modified duty. The Fire Department shall notify the employee that a modified duty assignment is provided in lieu of the special Workers' Compensation.

32.3 Modified Duty

In the event that an employee is, at any time, determined by the physician to be able to perform modified duty work as a result of an on-the-job injury, the Fire Chief will evaluate the specific modified duty restrictions and may place the

employee in a Fire Department modified duty assignment if one is available. However, the Fire Chief is under no obligation to create a modified duty assignment for an employee. Should an employee be placed on modified duty and such duty becomes subsequently no longer available, then the Fire Chief may terminate or change the modified duty assignment. The provision of modified duty for an employee shall not set precedent for provision of modified duty for another employee.

32.4 Disputes

All disputes regarding Workers' Compensation matters shall be handled exclusively through mechanisms provided under Florida Statutes, Chapter 440, and this Article shall not be subject to the grievance and arbitration procedure.

Article 33 OTHER BENEFITS

33.1 Kitchen Facilities

The City will provide a kitchen at each fire station which will be adequate to provide meals for those employees on duty. Each kitchen shall be equipped with at least one sink, stove, and refrigerator, together with basic cooking utensils, dishes and glassware, and an eating space with a table and chairs.

33.2 Uniforms and Equipment

Each employee will be issued uniforms and protective gear in accordance with the present checklist of clothing and equipment issue, plus replacements as required by normal wear and tear or due to theft.

33.3 Cleaning and Laundry Costs

The City will provide for the cleaning and washing of uniforms for all employees in the bargaining unit at no cost to the employee and the employees will be required to deliver and pick up their uniforms from the vendors selected by the City.

33.4 Bed Linens

The City will provide bed linens for all employees on an as needed basis, but no more frequently than once a year.

33.5 Dormitory Facilities

The City will provide beds and lockers in the dormitory space in each fire station.

Any department-provided equipment (lockers, desks, cabinets, and briefcases) is subject to entry, search and inspection by a supervisor, without further notice. Any privately owned property contained in such equipment (including the contents of closed or sealed items/containers) may also be opened and examined without further notice or without permission by a supervisor. This includes any department-provided equipment that is protected by a personally owned lock that the employee later might place on the outside. Therefore, the

employee has no expectation of privacy when using department-provided equipment.

33.6 Television and Radio Service

The City will furnish a television, including cable or satellite service where available, a media player and one AM/FM radio at each fire station. The City will provide maintenance and repair service on these appliances at no cost to the employees.

33.7 Parking

Free parking at or near each fire station will be provided to employees.

33.8 Personal Telephones

Personal telephones will be available at each fire station for local use by the employees at no cost.

33.9 Dayroom Furnishings

The City will provide recliners or appropriate furniture in the dayroom space in each fire station.

33.10 Use of Personal Cars

Employees in the bargaining unit will be paid a mileage rate to conform with the Internal Revenue Service Regulations for the use of their personal vehicles if such use is required while on duty and approved in advance by their Battalion Chief. The use of a personal vehicle for the purpose of required court attendance or other overtime assignments shall not entitle employees to a mileage payment.

33.11 Coffee

Coffee service will be available to bargaining unit members on the same basis as for general employees. Bargaining unit members may participate in the City's Coffee Fund by completing the appropriate form for payroll deduction.

IN WITNESS WHEREOF, the parties here set their signatures to this agreement which was approved by the City Commission on January 14, 2015.
